## PRESIDENT'S MESSAGE

2020 presented us all with many challenges as we embarked on an unprecedented golf season. As our active season comes to a conclusion, none of us would have been able to predict the year that golf in our province has had. All things considered, it was a tremendous year for Golf NB and the growth and development of the game of golf in New Brunswick.

I would like to express my congratulations to each of our champions- Julie Gauvin, Junior Girls, Junior Boys, Daniel Kirby, Amateur Men, and Mid Amateur Champion, Alex Palmer, Stu Musgrave captured the Mid Master Championship, and Gary Melanson, our Senior and Super Senior Champion. In addition, I would like to congratulate each of our 2020 Scholarship recipients. You are all outstanding ambassadors for your clubs, communities, families, and the game of golf and we have no doubts that you will continue to succeed in all that you do.

Thank you to the Club de Golf Fox Creek Golf Club, Royal Oaks Golf Club, Miramichi Golf & Country Club, and Gowan Brae Golf & Country Club for hosting our major events. Without the cooperation of the golf courses, we could not offer these opportunities to our members.

No organization can be truly successful without strong partnerships and sponsors and its dedicated volunteers. Our great partners and sponsors include; ServiceMaster Restore, Royale, TaylorMade, Adidas, and Dormie Workshop. I would also like to thank our hole sponsors; Sun Bum Sunscreen and Interstate Batteries of Atlantic Provinces for their generous support in 2020.

With every new year comes new opportunities and challenges for Golf NB. I feel very privileged and honored to continue my role as President of Golf NB in 2021 and am looking forward to assisting the organization and our members in providing world-class championship events, superior member service, and offering valuable member benefits for all.

LAURENCE APPLEBAUM, GOLF CANADA CEO WITH JUDY ASTLE, GOLF NB PRESIDENT

# WORLD HANDICAP SYSTEM

Golf already has a single set of playing rules, a single set of equipment Rules, and a single set of rules for Amateur Status governed by the USGA and The R&A. Yet prior to 2020 there were six different handicap systems used around the world by various handicapping authorities such as Golf Australia, the Council of National Golf Unions (CONGU) in Great Britain and Ireland, the European Golf Association (EGA), the South African Golf Association (SAGA), the Argentine Golf Association (AAG) and the United States Golf Association (USGA).

Each authority is well developed and successfully provides equity for play locally, but each of the different systems produces varying results when calculating players' handicaps. The World Handicap System unified these six systems into a single system which enables golfer of different abilities to play and compete on a fair and equal basis, in any format, on any course, anywhere in the world. The system is easy to understand and implement, without sacrificing accuracy and meets the varied needs and expectations of golfers, golf clubs, and golf authorities all around the world.

The WHS will encompass both the Rules of Handicapping and the Course Rating System (formerly known as the USGA Course Rating and Slope System). The World Handicap System launched in Canada on January 8th, 2020. This transition to the WHS allowed Handicap Index calculations to be consistent for all players, making a Handicap Index comparable to all other players around the world.

## WHAT ARE SOME OF THE THINGS YOU NEED TO KNOW AS A GOLFER?

**1. Your Handicap Index may change.** But that's okay! Finally, players around the world will have an apples-to-apples handicap. Your new Handicap index will be more responsive to good scores by averaging your eight best scores out of your most recent 20. In short, your Handicap Index will be determined by your demonstrated ability and consistency of scores. In most cases for golfers in Canada, the change will be less than a stroke.

**2. You need to know your Course Handicap.** In the new system, your Course Handicap will be the number of strokes needed to play to par. This will result in greater variance in the Course Handicap per tee and presents a change, as historically it has represented the number of strokes needed to play to the Course Rating. The Course Rating will now be inherent within the calculation to be more intuitive and account for competing from different tees.

**3. Net Double Bogey.** The maximum hole score for each player will be limited to Net Double Bogey. This adjustment is more consistent from hole-to-hole that compared to our previous procedure. Net Double Bogey is already used in many other parts of the world and the calculation is simple: Par + 2 + any handicap strokes you are to receive that hole.

**4. Playing Condition Calculation (PCC).** The playing conditions calculation that determines if conditions day-to-day differ from normal playing conditions that could impact player performance based on those course conditions, weather conditions, and course setup. The good news is all this will be calculated behind the scenes on the Golf Canada Score Centre. If PCC shows that players performed significantly better/worse than expected, it will adjust score differentials accordingly.

**5. Safeguards in the new system.** The new system will limit extreme upward movement of a Handicap Index, automatically and immediately reduce a Handicap Index when an exceptional score of at least 7 strokes better is posted, and account for abnormal course or weather conditions to ensure that scores reflect when a course plays significantly different than its established Course Rating and Slope Rating.

### 20. PACE OF PLAY

It is recommended a player takes no longer than 40 seconds to make a stroke (and usually you should be able to play more quickly than that) and Ready Golf in stroke play is encouraged. **RULE 5.6b**

## 2020 PROVINCIAL VOLUNTEER OF THE YEAR

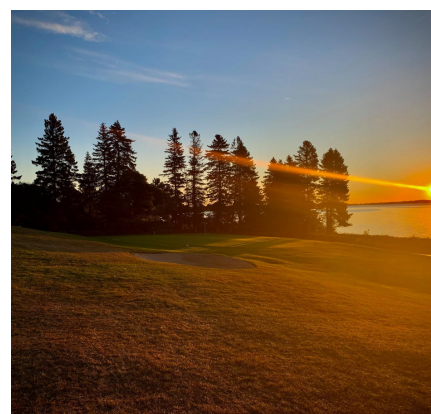

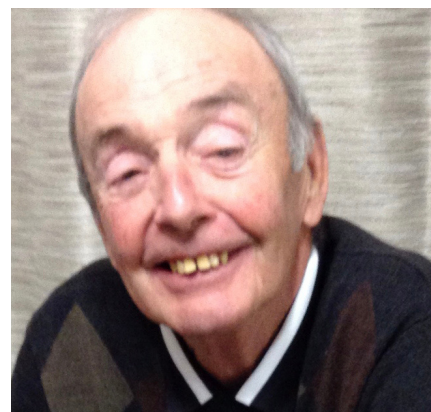

In 2020 the Golf NB Provincial Volunteer of the Year Award was posthumously presented to Robert "Bob" Losier of the Gowan Brae Golf & Country Club.

A lifelong educator, who took pride in teaching the youth of the area, Bob's teaching career began in 1965 in Matagami, Quebec, took him to Boisetown and then to Bathurst in 1971, where he lived until his passing on August 2, 2020.

Bob's name was submitted by the Board of Directors at the Gowan Brae Golf & Country Club for his longstanding commitment to both the club and the game of golf in the province of New Brunswick. His passion for golf was evident in the many hours he both played and volunteered.

Bob served as the Secretary/Treasurer of the North Shore Golf Association for more than 25 years, as well as a member of the Board of Governors for the New Brunswick Golf Association (Golf NB). An active member of Gowan Brae, he was always available to help around the club and loved to play a competitive game of golf with his many Gowan Brae friends.

Bob's contribution to the Gowan Brae golf community will continue to be evident for years to come.
