### How Teams Will Advance to the Championship Round

- Each team will play a "Round Robin" match against the other teams in their flight, with the teams who have the best "Win / Loss" record in each flight advancing to the Championship Round.
- If two teams are tied with the same "Win / Loss" record, then the team who won the Round Robin match between the tied teams will advance to the Championship Round.
- If two or more teams are tied with the same "Win / Loss" record, and the tie cannot be broken on the basis of the results of Round Robin matches between the tied teams, the team with the highest "Total Points" earned during the preliminary matches involving the tied teams will advance to the Championship Round.
